PROJECT MANAGEMENT

Full job description

Your new company

This role will give you the opportunity to work with a team of like-minded professionals dedicated to maintaining and improving the infrastructure of the city we live in. With a host of major developments and upcoming events in our city this role is of the utmost importance.

Your new role

Manage an extensive program of engineering projects, monitoring key milestones and deliverables. Undertake minor, moderately and complex multidisciplinary engineering projects/programs. Adhere to project management methodology and consistently deliver projects on time, within budget, to agreed quality and with a high level of stakeholder satisfaction.

Duties include:

- Undertake the project management for development of forward projects (for 23/24 and beyond projects) for the Traffic Systems Infrastructure Program (including traffic signals refurbishments, ITS etc.). This includes:
 - Liaison with other stakeholders to develop 23/24 program to include projects that consider asset needs, traffic signal hardware conditions, pinch point reviews etc.
 - Update and manage the forward projects under the City's project management software
 - Develop project brief including consultation management plans,

project scope, risk matrix for 23/24 projects

- Development of the new 23/24 Traffic System Infrastructure program
- Assist with the delivery of Street Lighting projects 2021 – 2022
- Assist with the delivery of small ITS projects such as active travel counters, WIM sites

What you'll need to succeed

You will possess extensive experience in all aspects of Project Management and sound experience with delivery of street lighting and ITS projects.

What you'll get in return

This organisation consists of friendly and supportive team where you will be recognised and rewarded opportunities for professional development to enhance your career progression. You will be working within a culture that promotes healthy work-life balance and flexible working arrangements and a competitive remuneration plus up to 12% employer superannuation contribution is on offer.

What you need to do now
