Full job description

Your new company

Our client, a Civil Contractor operating in the Northern Territory, is recruiting for a talented Civil Project Manager to oversee a key civil road project in the NT.

Your new role

You will be required to manage this complex road project to completion ensuring the project is delivered to scope, on time and to budget. You will have high level stakeholder engagement skills and be able to engage and influence all stakeholders to the desired outcomes of the project. This role has a 12-month project timelines and you will be required to work remote in camp conditions.

What you'll need to succeed

You will have considerable civil project manager experience and be prepared to work in hot and sunny conditions. Having gained experience in the construction of roads in remote and complex environments you will be have excellent leadership skills and be able to motivate and drive a large team to complete this project.

- Project Management Qualification – Essential
- Civil road project management experience – Essential
- Locally based to Darwin – Preferred
- Civil Engineering Degree – Desirable

What you'll get in return

In return you will receive:

- An opportunity to work on a key complex NT project.
- A competitive salary for the right candidate.

What you need to do now
