Full job description

Your new company

Our client is a leading National Organisation that provide services such as Electrical, Plumbing, Glazing & Air Conditioning within Residential, Commercial & Industrial industries.

Your new role

You will be required to install and terminate 3-phase undergrounds and mains power, general fault finding, and repairs/maintenance of industrial equipment and circuitry (PLC's, switchboards, pumps, control panels, etc).

This role will also require some residential work which will include fault finding, repairs and maintenance of switchboards, electrical equipment and house circuitry, installation of solar panels, and government bases maintenance and breakdowns (at schools, childcare, hospitals, etc).

This role is located in the regional town of Keith and is a permanent, full-time opportunity.

What you'll need to succeed

- Driver's Licence
- A Class Electrical Licence
- Construction Industry White Card
- Experience in all electrical aspects mentioned above
- Dual Trade - Electrical & Air Conditioning is HIGHLY DESIRABLE

What you'll get in return

- Generous hourly rate + superannuation
- Permanent, full-time role
- Uniforms provided
- Company supplied vehicle, fuel card, mobile & accessories
- Working for a leading National Organisation
