### Full job description

#### Your new company

At Hays, we are on a journey to become life-long partners to millions of people and organisations. We are proud to be the Industry Leader and understand the important role our people play to ensure we stay the best.

We are bold, agile and open to new ideas and approaches, whether embracing cutting-edge technologies, developing our people, or innovating the way we work

#### What you'll need to succeed

As Financial Accountant, you will be joining our growing Finance team and supporting the growth of our wider ANZ business. You will be responsible for:

- Preparing periodic management reports and account reconciliations to ensure complete and accurate reporting
- Assisting with the production of all periodical accounts
- Assisting with the preparation of statutory accounts for financial statements and in the internal and external audit process
- Preparing monthly business activity statements

The successful candidate will possess strong time management skills and the ability to meet strict deadlines. A tertiary degree in Accounting or Finance and a CA/CPA qualification is required for all applications. (We are also happy to consider anyone currently working towards completing their CA/CPA)

#### What you'll get in return

We work in a rapidly evolving industry and to help support you in navigating these changes and to enable you to work more efficiently, we invest in your training, development and technology, as well as offer a flexible work environment with the opportunity to work between the office and home.

We encourage diversity of thought to create new ideas and innovate our ways of working and our leadership group is committed to helping you develop your skills and career through on-going training, coaching and support, which could

include a move to one of our other 33 countries that we operate in.

A career at Hays means working with skilled people from diverse backgrounds, in a great atmosphere and with career advancement opportunities.
